CONTROL III[®] LABORATORY GERMICIDE

- **Bactericidal**
- **Virucidal**
- **Fungicidal**

CONTROL III Laboratory Germicide is a ready-to-use, EPA approved disinfectant designed for use in hospitals, doctors' offices, dentists' offices, nursing homes, clinics, and surgi-centers. It is formulated to disinfect hard, non-porous, inanimate surfaces such as instruments, equipment, counter tops, beds, and fixtures. It is available in gallon containers. Like other CONTROL III disinfecting products, Laboratory Germicide will not harm rubber, plastic, metal or fiber optic instruments, when following the recommended 10 minute contact time. It contains a corrosion inhibitor to prevent degradation of metal components.

CONTROL III LABORATORY GERMICIDE IS EFFECTIVE AGAINST:

- ***Pseudomonas aeruginosa***
- ***Staphylococcus aureus***
- ***Salmonella choleraesuis***
- **Influenza A₂ virus**
- **Herpes simplex type 1**
- **Adenovirus type #5**
- **Vaccinia viruses**
- ***Trichophyton mentagrophytes***
- **HIV-1**
